Bulletin Staff Stages Attempt At Drama

By Sue Kender

Wednesday, October 14, the Bushwick BULLETIN staff presented a one-act play to the student body. Written by Margaret Rath, 8-2, and directed by John Quigley, 7-7, it was a parody concerning the school newspaper.

John Quigley explaining the drama to Carol Fahrbach and Wendy Kelly in the publications office.

The play was produced to promote more student subscriptions to the BULLETIN, by acquainting the student body with the types of articles and regular features published in the school paper.

News Office Reproduced

The setting of the play was the publications office, with flashbacks backstage. The frustrated editor, portrayed by John Velez, 7-8, and his devil-may-care reporter, Robert Marquez, 7-1, vividly show an uninterested student, Charles Martinelli, 7-2, the reasons for buying and reading the paper.

Members of the cast included: Roberta Douglass, Wendy Kelly, Jeanne LoPinto, Carol Fahrbach, Rafael Roman, Karen Diefenbach, 7-2; Jo-Ann Abbate, Larry Gaiardelli, 7-3; Natalie Prainito, Charles Rhodes, 7-6; Kathy Tornone, 7-7; Colin Hutchinson, 7-9; Winston Quildon, 8-3.

Eleven Teachers Added To Staff

By Lenore Cicio

This school year the teaching staff is fortunate to have the addition of eleven new teachers.

In the Social Studies Department, we have Mr. Villante, an alumnus of Bushwick. After completing his high school education, he attended Fordham University. When asked about the school and students in general, he said, "The school is quite beautiful and has been modernized greatly since I left, but the students are generally the same."

Another addition to our Social Studies staff is Mr. Swanteson.

The Science Department has a new chemistry teacher, Mr. Saretsky. He will replace Mr. Breslau. A graduate of Richmond High School and New York University, he finds that he has no problem with the students, and that they are eager to learn.

Also in our Science Department is Mr. Aronovsky, who teaches earth science.

Mrs. Mason is a new addition to the Secretarial Department. She graduated from Long Island University, but completed her high school education in St. Vincent, a small island in the British West Iindies.

She finds the students to be quite cooperative, but says schools in the

(ontinued on Page 3)

Classes Begin For Tutorial Program

By Gloria Borucinski

Tuesday, October 6, students registered for a program of remedial help in reading and arithmetic. This program is open to all students who feel they can benefit from it.

Tuesdays, Wednesdays, and Thursdays, small groups of pupils meet with teachers after or before school. They are then instructed in two-hour sessions. This help is free to Bushwick students.

Following the registration period, the first remedial classes were held Tuesday, October 13.

Teachers from the English and Mathematics departments are participating in this program. They are: Mr. Connors, Miss Halligan, Mrs. Maguire, Miss Daughton, Mr. McKeen, and Mr. Blum.

Sorrentino, Breslau Given Promotions

By Helen Schriefer

Mr. Breslau, former Bushwick chemistry teacher, has received an appointment as chairman of the Science Department at Fort Hamilton High School. Mr. Breslau was chosen for this position on the basis of his many years of service as a teacher and as a result of a series of examinations which must be taken in order to receive such a position.

During his seventeen years as a teacher at Bushwick, he has been the recipient of many awards. In 1963, he won the Nichols Foundation Chemistry Teacher Award. This consists of $1,000 presented to the high school chemistry teacher who has made the most contributions to the teaching of this subject.

Miss Sorrentino, who teaches languages, has also been promoted to acting chairman of her department.

A teacher at Bushwick since 1940, Miss Sorrentino has taught Italian, Spanish, French, and even English and mathematics at one time in a junior high school.

Miss Sorrentino attributes the fact that she enjoys her new job to the excellent teachers working under her in the Language Department. She has stated, however, that her first love will always be teaching.

Dr. Forsheit Speaks At P.T.S.A. Meeting

By Kathleen Ingarra

The P.T.S.A., under the leadership of the newly elected president, Mr. Rogan, held a meeting in the school auditorium Thursday, October 15. The purpose of the meeting was to acquaint the parents with Bushwick High School.

Dr. Forsheit was one of the speakers at the meeting. In his address, he stressed the importance of parents working together for the benefit of their children so that they may progress in their studies and achieve success in their school careers. He informed the parents of the social and academic activities available for students at Bushwick. He also discussed the improved guidance service of the school, by which a pupil will have one guidance counselor throughout his stay at Bushwick. He said that with this continuity of guidance, the advantage of the good will established between students and counselors will not be lost.

Other speakers at the meeting were Mr. McConnell, head of the Guidance Department, and Mr. Greenberg, principal of Bushwick's Youth and Adult Center. Also, a short movie was shown entitled, "The Pleasures of Chinese Cooking."

—o—

Sherman Given Top Grad Award

By John Quigley

Commencement exercises for 433 members of the graduating class of June were held in Bushwick's auditorium, June 25.

The address of welcome was delivered by Dr. Forsheit to the graduates and their parents, relatives, and friends.

Mariann Nowack gave the salutatory speech, and Claudia Uhl delivered the valedictory speech.

Musical selections were performed by the orchestra under the direction of Mr. Abel and the mixed chorus was conducted by Mrs. Gittleman. Beverly Campbell, Consuelo Salvador, and Ronald Corrado sang selections of "May God Smile on You," and "Wher'er You Walk."

Mr. Joseph Purtell, chairman of the Social Studies Department, made the presentation of awards to the outstanding students of the senior class. Among the awards and recipients were: Bushwick Scholarship, Sonja Kobylko; NMSQT Letter of Commendation, Daria Jakymchuk; $200 Scholarship to All City High School Chorus, Ronald Corrado; John F. Kennedy Memorial Citizenship Award, Daria Jakymchuk; Medal to Outstanding Athlete and Scholar, Ted D'Amico; Alexander Medal awarded by School Art League, Frank Benintendo; Altholz Memorial Foundation Certificate for Highest Honors in the Commercial Course, Sarah Salvo; Olivetti Award of Merit for Best Typist, Judi Bernardini; Leviton Company Manufacturing Award, Freddy Lee; Medal for Excellence in Mechanical Drafting, Daria Jakmchuk; Excellence in Italian, Ronald Corrado; and the award for Outstanding Work in Science was presented to Joseph Gallo.

Daria Jakymchuk and Claudia Uhl were recipients of the most awards.

The Frank A. Rollins Memorial Scholarship, given in memory of Mr. Rollins, the first principal at Bushwick, is the most outstanding award presented at graduation. The scholar-

(Continued on Page 3)

66 Bushwickites Make Coveted Honor Roll

By Linda Miller

Sixty-six students made the honor roll for the term beginning February, 1964, and ending last June, having achieved the minimum requirements of at least an 85 per cent average.

Antoinette Algeri, now a senior, plans to continue her education.

Josephine Viscuso, 5-1, is interested in music and plans to teach.

Charlotte Lespier, a sophomore, plans to attend a business school.

The three students with the highest averages are: Charlotte Lespier, 2-3, Josephine Viscuso, 4-1, and Antoinette Algeri, 6-2 (former classes).

Josephine, with an average of 96.4 per cent, topped the Honor Roll, as she did last year with an average of 97 per cent. She is a member of the Junior Arista and is in the journalism class. Josephine would like to attend Queens or Hunter College and teach either language or math. She is also very interested in music.

Charlotte led the second termers with an average of 92.8 per cent. She is also a member of the Junior Arista. After graduating, Charlotte would like to work with business machines. She is thinking of going to a business school.

Antoinette led the six termers with a 93 per cent average. She is a member of the Senior Arista, Future Teachers' Club and Student Council. She is also a member of the Bushwick BULLETIN staff. Antoinette hopes to attend Queen's College and major in education. She would like to teach in elementary school.

(Continued on Page 3)

Foreign Excursions Made By Teachers

By Jo-Ann Abbate

During the summer many Bushwick High School faculty members had the opportunity to travel abroad. The experiences of a few of our wandering teachers are related here.

Miss Sorrentino, of the Language Department, won a Fulbright Scholarship to a college in Rome. During her five weeks of study, she took the following courses: Literature of the 1200's, Modern Literature, Critical Literature, Art, and a course in modern history and current events.

After going to college for five weeks, Miss Sorrentino took a ten day tour of Sardinia, went to Anacapri for three days and spent the remainder of her stay in Naples with relatives. She expressed her views concerning the places she visited saying: "I found the cities to be very up-to-date. This surprised me because I expected to see ancient ruins."

The chairman of the Home Economics Department and foreign foods teacher, Miss Kraus, is also a traveler. This summer Miss Kraus went to Spain, France, Italy, Egypt, Lebanon, and Greece. In Barcelona, Miss Kraus saw a bullfight and flamenco dancers. While in Alexandria, Egypt, she went into the heart of the city and, as she did everywhere else, ate the country's native food.

Principal: More School Activity

By Barbara Albanese

With the start of a new school year Dr. Forsheit has suggested extra-curricular activities which will enrich your stay at Bushwick High School. Here, in substance, is our principal's open letter to the students.

"Now that the school year is under way and you have established your routines of study and work, you may be thinking of participating in some of the extra-curricular activities of Bushwick High School.

"As you know, we have a rich program offering opportunities for every pupil in the school. The clubs and teams sponsored by our G.O. are listed in the glass-encased bulletin board on the first floor, with a large variety to interest everyone in the school. It is our sincere hope that the enrichment of clubs and sports will benefit all those who take part.

"The privileges that are yours in having such a choice entail responsibilities as well. Through your elected G.O. officers you have requested G.O. dances, night basketball, theater parties, and outings. It is therefore your responsibility to attend and support such events. If you do, they will be continued; if you do not, the G.O. will not wish to sponsor them again. For the good of the school, and for the welfare of future students, the activities should be supported and continued."

Red Cross Selects Student Delegate

Paul Cirrincione, 5-10, will represent Bushwick High School on the Junior Red Cross Council. Last year's junior representative, Barbara Albanese, 7-2, has been appointed senior delegate. New additions to the staff of Red Cross workers are Lenore Cicio, Antoinette Algeri, Patricia Doria, all from class 7-2, and Grace Agate, 7-1.

Paul will attend the annual Junior Red Cross Leadership Training Conference for High School Delegates, November 21 at the Hudson Guild Farm, Andover, New Jersey. The purpose of this conference is to inculcate a better understanding of community and citizenship responsibilities and to provide opportunities for developing leadership.

You Can Help!

Whether you are a freshman, sophomore, junior or senior, a belated welcome to Bushwick. Dr. Forsheit, principal, Dr. Finkelstein and Mrs. LaGrasse, administrative assistants, along with all the other administrators and teachers are working very hard in order to make this year a successful and profitable one for the students of Bushwick. They need your help in order to succeed. It will only take a small part of your time to aid them and you will benefit.

Under the auspices of a number of faculty members, clubs have been meeting and discussing plans for the coming year. Have you joined one of these clubs as yet? They hope to gain your membership and support. How about it?

If you had been a student at Bushwick last term, you are well aware of the General Organization headed by our President Anne Marie Santangelo and advised by Miss Egan. The G.O. needs your support and is willing to consider ideas offered by you. You have elected the G.O. officers and have the right to come to them with suggestions and problems concerning school.

This newspaper, the BULLETIN, also needs your support. You can help by securing a subscription through your English class teacher. The BULLETIN is very much interested in student activities and is willing to print them on its four pages.

Under the guidance of the administration and your teachers, you should be able to pitch in and help Bushwick and yourself by following rules, supporting school functions and studying diligently.

SPOT LIGHT

Gym Teachers

By Carol Fahrbach

This issue the Spotlight falls upon Bushwick's two new Girls' Health Education teachers, both of whom are graduates of Brooklyn College.

Miss Benenson

Miss Benenson now resides in Flatbush. She is a graduate of Lafayette High School. While at Brooklyn College, she majored in health and physical education and was active in the student government. She enjoys swimming and is a "real bug" about folk dancing. During a past summer, she taught swimming in West Copaque, Long Island. Miss Benenson is now going to Brooklyn College graduate school for her master's degree. She expects to have her degree in about three years.

This past summer she went to Europe. She visited such places as Italy, France, Spain, Switzerland, England and Holland. Her favorite city was Venice because of its romantic atmosphere. Her plans for next summer are to travel cross-country.

Miss Benenson says that Bushwick's students and teachers are very nice and all are very anxious to help. This is the first school she has taught in and was glad to find everyone so amiable.

Miss Brienza

Wedding bells will soon chime for Miss Brienza. Like Miss Benenson, she is a graduate of Lafayette High School and attended Brooklyn College, majoring in Physical Education. She lives in the Bensonhurst section of Brooklyn and plans to be married November 21. Her husband-to-be is a policeman and is stationed on the lower East Side. For their honeymoon, they plan to visit Puerto Rico and the Virgin Islands. She will return to teaching after her honeymoon.

Miss Brienza likes Bushwick and enjoys teaching the students here. Her only complaint is that when she gets on the elevator or walks in the halls she is always asked for her pass by other teachers.

Miss Benenson and Miss Brienza both followed the same course of education: Lafayette-Brooklyn-Bushwick.

Guidance Missile

By Sophia Braccioforte

Many high school students seem to arrive at a point where they are in doubt about their future plans. They have no way of knowing what to do and believe that nothing can be done. It may be that a student is doing unsatisfactory work in school and believes that the only solution is to drop out. However, this is not a solution. Something *can* be done if one puts his mind to it. To prove this, here is an example.

A year and a half ago one of Bushwick's students, an intelligent boy who somehow couldn't seem to succeed in school, was having trouble in his English class. His teacher, Mrs. Smith, knew he was planning to leave school because of discouragement about his work but she also knew he was trying unsuccessfully to obtain a part time job. She wondered if her husband, who is Director of Civic Affairs for this area for Eastern Air Lines, might help with this project. When approached, Mr. Smith explained that they had never had part time employees at EAL but he decided to approach the personnel director to see if something might be worked out. Although there was some hesitancy about it, they finally agreed to give the boy a trial on a part time basis. He worked out so well that another boy from Bushwick was soon hired, and this past June another of our students was added to the list of part time employees at EAL.

The lesson to be learned from this is that something can be done about most problems if you and your parents and teachers talk it over. Perhaps you know some companies that might be willing to consider part time help. A job is an entering wedge into industry. YOU may be the one to prove that the American (or Bushwick) dream can still come true: office boy to president, at General Motors, or General Electric, or of course, at Eastern Air Lines!

Bushwick Briefs

By Jeanne LoPinto

Bushwick's Adult Education Center will begin classes the week of October 5. Any adult 18 years or over, may register for up to four courses for the registration fee of $2.50. Free use of the gymnasium and pool is included with this registration fee. For information call EVergreen 6-4545.

* * *

Helen Bukowiecki, 7-4, and Jeanne LoPinto, 7-2, represented Bushwick at the Herald Tribune Student Press Association Meeting, October, 1. The topic under discussion was "Reporting on Politics."

* * *

Gustavo Grande, a member of last June's graduating class, received the newly-instituted Goodbody & Co. annual award for Excellence in Spanish.

The award, in the form of a bronze medallion, will be available each year hereafter for presentation to a student designated by the faculty of each high school and junior high school in New York City for excellence in Spanish language study. The awards are donated to the Board of Education by the brokerage firm of Goodbody & Co., members of the New York Stock Exchange.

* * *

College bound juniors, members of the Honor Society, and seniors who have had no experience with the college examination are advised to take the two-hour Preliminary Scholastic Aptitude Test Saturday, November 14 or Sunday, November 15.

The Regents Scholarship Examination, required for admission to state colleges, was administered Thursday, October 8. Special test dates will be announced for those who were unable for valid reasons to take the examination.

G.O. News

By Antoinette Algeri

The new officers of the General Organization have officially begun their jobs. The newly elected officers are President Anne Marie Santangelo, Vice-President Carol Fahrbach, and Secretaries, Carol Ann Mayer and Diane Christian. The Student Council members first met Monday, September 21.

Anne Marie and Carol attended an Executive Board Meeting of the P.T.S.A. Wednesday, September 23. The G.O. officers talked with the officers of the P.T.S.A. about the plans for the coming school year.

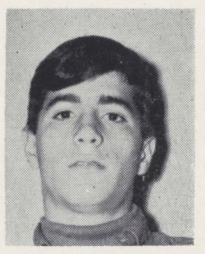
Bushwick is sending three students to the Richard Welling G.O. Conference. They are Anne Marie Santangelo, Carol Ann Mayer and Diane Gargagliano. This is a leadership conference which will be held from October 2 through October 4 at the Hudson Guild Farm at Andover, New Jersey.

Open Opinion

By Elaine Conte

QUESTION: What do you look forward to most during your years at Bushwick?

Michael Rizzo, 3-1



"During my years at Bushwick High School, I look forward to preparing myself for college. Today, anyone who wants a half decent career must have a college education. Most colleges have entrance exams that are very difficult. Without the right preparation in school, a student will not have the knowledge to pass these exams. By preparing myself correctly in high school, doing my best in class, and getting good marks, I will have a better chance of entering a good college.

I also look forward to meeting new friends and participating in school activities such as trying out for the baseball team.

With guidance and a little self-confidence, I hope to benefit from what Bushwick has to offer me."

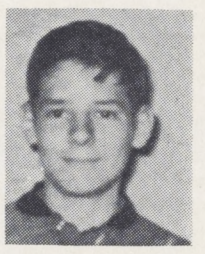
Caroline Avona, 3-2

"This year when I entered Bushwick, I was lost. The halls are very confusing because of the curves and turns. I thought I would never get used to the school, but I did.

I knew my program within the first week of school. Most of my classes have all girl students. It gets sort of boring looking at girls all day. I didn't come to Bushwick only to meet boys, but it seems as if I'm going to an all-girls school. I look forward to having more boys in my classes in the coming years.

The thing I look forward to most at Bushwick is to pass all my Regents examinations and to graduate with an academic diploma."

Thomas Bolin, 1-1



"The most important thing to me during my years at Bushwick High School is to receive a good education for a successful future. A high school diploma is most essential in order to obtain any worthwhile position.

In addition to my major subjects, I am looking forward to enjoying the sports program offered at Bushwick.

I shall endeavor to do my best work in each subject in order to get the best marks possible. I will always strive to cooperate with the teachers as they are always trying to teach the students all they can.

During the completion of my senior year, it will be a wonderful feeling looking forward to the joyous day of graduation when I shall realize the achievement made by doing the work assigned and paying strict attention at all times."

Angela Signorelli, 1-4

"To begin with, I expect to be very busy doing homework and studying hard for tests. I plan to do my best while attending Bushwick. Time goes by quickly in each class and I hope it will continue to do so in the future. I expected to be very tired going from floor to floor while changing classes and to be late frequently. I find that this is not so.

I hope to meet many new friends and to participate in after-school activities.

I hope that my years at Bushwick will be profitable and I am glad that I am attending this school."

Clubs

By Wendy Kelly
and Roberta Douglass

Cheerleaders

There are a group of girls in this school who cheer our basketball team on to victory. An announcement was made this week as to when tryouts will be held to join the cheerleaders. Any girl with an A.M. program is welcome to join.

Boosters

The boosters are also a group of girls whose job it is to help the cheerleaders with the cheers. The uniforms are made by the girls themselves. Anyone interested may see Miss Haron, the adviser, or Jeanne LoPinto (7-2), the captain, for information.

Frederick Douglass Club

The Frederick Douglass Club is directed by Mr. Baird. It deals particularly with the Afro-American and the problems of Modern Africa. It is open to all students.

Aspira Club

The Aspira Club is primarily for Bushwick's Spanish speaking students. This past summer some members of the club took a trip to Puerto Rico.

Tropical Fish Club

Members of the Tropical Fish Club explore the lives of sea animals. Its adviser is Mr. Reifer.

Histology Club

The Histology Club enables blooming young scientists to learn more about physiology than they do in regular classes.

Photography Club

All picture-taking enthusiasts are invited to join the Photography Club.

Radio Club

Another branch of the Science Department is the Radio Club. Under the auspices of Mr. Schiffman, amateur ham-operators can learn more about their hobby.

Religious Clubs

The Newman, Trinity and Menorah Clubs are the religious organizations. They are for Catholic, Protestant and Jewish members of our school, respectively.

PRATT INSTITUTE
SCHOOL OF ENGINEERING AND SCIENCE

CO-OPERATIVE WORK—STUDY PROGRAM

Based on a close relationship with industry, the co-op program is a superior combination of theoretical and practical education which also enables the student to defray a major portion of his college expenses. During the middle three years of the five-year program, the student is placed with a carefully selected firm for periods of work internship, alternating with periods of study on the campus.

The program, fully accredited, leads to a Bachelor's Degree in chemical, electrical, industrial, or mechanical engineering; or in mathematics, physics, or chemistry.

Further information may be obtained from the Admissions Office, Pratt Institute, Brooklyn, New York 11205. Phone (212) MA 2-2200.

66 Make Honor Roll

(*Continued from Page* 1, *Col.* 4)

The remaining 63 honor roll achievers also have plans for the future, but space is limited and they cannot be printed. Their names and averages are listed below according to term.

6th Term

Algeri, Antoinette	93.0
Diefenbach, Karen	92.4
Frank, Doris	91.0
Jackson, Fannie	91.0

Pagan, Evelyn	86.4
Bongiorno, Marilyn	85.4
Braccioforte, May	85.4
Lauro, Carlos	85.0

ARISTA

By Lorraine Molchan

Arista members intend to be very busy this term in extra curricular activities by representing Bushwick at various youth forums and panel discussions.

World Youth Forum

This year Arista will compete in the 1965 World Youth Forum sponsored by the New York *Herald Tribune*. Eastern District, St. Savior, Alexander Hamilton, St. Angela Hall, Bishop McDonnell and Samuel J. Tilden high schools are the schools which Bushwick will compete against.

These schools will compete with each other by means of panel discussions beginning on Friday, October 9, at Eastern District. The probable Bushwick representatives are Sophia Bracciaforte and Jeanne LoPinto. "America's Role of Leadership in the World" is this year's topic.

A second forum, scheduled for October 30, will be held at Brooklyn Technical High School. The 1964 elections will be discussed there by Arista members.

New Members

Junior and Senior Arista members have elected new officers for this term. The boy leader for Junior Arista is Larry Gaiardelli, the girl leader is Miriam Riviera and the job of secretary goes to Carol Fahrbach. The Senior Arista boy leader is George Venegas, the girl leader is Sue Kender. Jo-Ann Abbate and Natalie Prainito are secretary and treasurer, respectively.

Youths Acclaimed

By John Velez

Young people would most probably enjoy and share more of their interests in a play dealing with young people and would be even more enthusiastic if the entire cast were made up of young people.

Unfinished Business

This is what *Unfinished Business!*, a new stage production, offers the younger set. The Next Stage, a non-profit charitable-educational organization, has the most startling youth theatre program in the nation. The company, in its third year, is the only Off-Broadway show with an all teenage cast.

Student Problems

Many of the problems dealt with are ones directly experienced by the students in Bushwick, such as high school drop-outs, the teenage-market, and parent-teen relationships. A few topics concern the community as in the case of civil rights and recent disturbances in Harlem and Bedford-Styvesant.

ONLY Ray gives you a heavier, better made Bushwick Ring. Choice of 10K. or 14K. Gold, choice of stone and finish. Any year desired — Order Now. While at RAYS see the large selection of Diamonds, Watches, 14K. Charms and Bracelets at **RAYS LOWEST DISCOUNT PRICES**

423 KNICKERBOCKER AVENUE **BROOKLYN, N. Y.**

Bushwick Extends Hardy Welcome

By Ann Marie Santangelo

"Out with the old and in with the new." Althought a trite cliche, it is very true. It is sad for Bushwick to have to lose so many of its friends when graduation time arrives each June, but come September there is always an addition of new faces to brighten its halls.

It isn't usually difficult to tell who the new students are. Their faces are marked with confusion, anxiety and sometimes terror. When the first few hectic weeks are over, however, and things begin to settle down, the student body again becomes one fellowship.

New students soon discover that high school life can be very enjoyable if they take an active interest in their school and its activities. Bushwick High School offers many extra activities. There are numerous clubs and teams.

Upper classmen and teachers are always glad to welcome new students and to this term's new students a very big welcome is extended. Get out and join in!

Teachers Added

(*Continued from Col.* 1, *Page* 1)

British West Indies and America are quite different.

The Health Education Department has three new additions. They are Mr. Fiedler, Miss Brienza, and Miss Benenson.

Miss Glenn is a new addition to our Mathematics Department. She attended Andrew Jackson High School and the State University of Oyster Bay. Since elementary school, her ambition has been to become a math teacher.

Mrs. Griffin is teaching in two departments, the English Department and Art Department.

Mr. Klein is a new addition to the Industrial Arts Department.

"High Spirits" Bubbles With Fun

By Joseph M. Gerardi

Noel Coward has staged a jim-dandy of a musical *High Spirits*, triumphantly bringing veteran Broadway actress Bea Lillie back to the stage playing the refreshing, delightful Madame Arcadi. The "Unsinkable" Tammy Grimes is on hand offering her magical flying talents as Elvira, the first wife of Charles Condomine played by Edward Woodward.

Tammy Grimes, Bea Lillie and Edward Woodward in "High Spirits."

Things start rolling rather fluently when Madame Arcadi provides a seance in the presence of Charles Condomine, Ruth (his second wife played by Louise Troy) and two neighbors.

She mysteriously asks questions to determine whose spirit is being called upon. She discovers that the unseen ghost is non-other than Charles' first wife, Elvira, who wants to get in touch with him. Elvira does make a heavenly return hoping to bring Charles to his death so that he may join her in the living spirits. Elvira's ghostly desire provides that rare element of a sly plot.

A credit to Lester Osterman, Robert Fletcher, and Richard Horner, a master producing team for bringing director Noel Coward and company to Broadway.

Second Third Begins

TODAY

SRC Presidential Poll at Bushwick

By Charles Rhodes

Using poll forms distributed by the Scolastic Research Center, the BULLETIN staff performed a presidential preference poll with selected classes. Of the 46 forms returned, these are the results:

Question #1 — Which party do you generally favor?

1. Democrat — 30. 2. Republican — 9 3. Independent—7

Question # 2 — Which candidates do you prefer?

1. Johnson-Humphrey—31 2. Goldwater-Miller—14 3. Johnson-Kennedy —1 (write-in)

Question #3 — Do you think that one or both of your parents favor the candidates you favor?

1. Yes, both—24 2. My mother does but my father doesn't—4 3. My father does but my mother doesn't—5 4. Both my parents favor other candidates—3 5. I don't know—10

Question #4 — Who do you think will win regardless of who you prefer?

1. Johnson-Humphrey—34 2. Goldwater-Miller—12

Question #5 — If anything happened to the president, which vice-presidential nominee do you believe would make the best president?

1.Humphrey—29 2. Miller—17

Grad Awards

(*Continued from Page* 1, *Col.* 3)

ship is valued at $2,000 and is spread over the four year college period. Carol Sherman received this award.

The person responsible for the lists of graduates, the medals, the entire commencement program, the seating arrangement, and other numerous tasks was Mrs. La Grasse, administrative assistant.

Dr. Forsheit, principal, delivered the main address. In it, titled "Tests," he told the graduates about the many exams they had to take in high school. But, as graduates they would now face even bigger tests in life—the tests of the future.

Mrs. Ann Shulman, senior grade adviser, presented the graduates to the parents and faculty members. Dr. Forsheit presented the token diploma to the senior class president, Rose Marie Bellafiore.

Following that, Miss Bellafiiore presented the class gift to Dr. Forsheit, who received it on behalf of the school.

TIGER ALLEY

By Lawrence Gaiardelli

Bushwick's Booters began the defense of their city championship when they oppose Alexander Hamilton High School on our field, Tuesday, October 6. A tough exhibition schedule has been arranged so that the new team members can get valuable experience.

Heading the Tiger booters are the co-captains: Winston Quildon and Anthony Chiello. The other returning team members and their positions are: Goaltender—Anthony Anello; fullbacks—Anthony Fontana, Paul Vaiana and Walter Schiele; halfbacks—Keith Reid, Winston Quildon and William Gabburt; forwards—Anthony Chiello, Emanuele Tavormina, Kenneth Dest, Estuardo Villao, Frank Heron, Allan Heron, Rogelio King, Armando De Freitas.

The new team members and their positions are: goaltenders—Michael Sepulveda and Dreiter Bloess; fullbacks—Lloyd Edmendson, Ricardo Smith, Alfonso Novels, Roberto Discotto; halfbacks—Kilian Dill, Guiliano Bihary, Gustavo Rodriguez, Jack Licari; forwards—Al Zadwydas, Ernst Samedi, Rosario Camiola, Arthur Prendergast, John Misso, Francesco Carcione, Gondolfo Uglialoro, Eddy Bourjolly, and Alvin Craig.

Coach Cohen is hoping for a season as fruitful as the last two. He will be depending mainly on the support of the new members and also the enthusiastic support of the school.

The Booters kick off a new season.

Tigers Smash Hamilton, 3-0

The Flying Tigers winged their way to a tremendous first game victory over Alexander Hamilton on our field. The game marked the opening of the Tiger's defense of their city championship which has been shared with Commerce High School.

The Tigers began the game with an opening kick by Anthony Chiello which was good for Bushwick's first goal.

Bushwick controlled the action throughout most of the first half, scoring all three of its goals. Although the Hamilton squad came close to scoring several different times, they were unable to put the ball past Bushwick's goalie. Anthony Anello, the Tigers' starting goalie, made several fine saves to preserve the Tigers' well earned shutout.

Booters Tie Erasmus, 1-1

With all the scoring done in the first period, the Black and Orange fought to a 1-1 tie with Erasmus High School. "This was one of the hardest games we played in the last few years," stated team co-captain Winston Quildon.

The Tigers got off to a quick start as Alvin Craig, a newcomer to the team, scored Bushwick's only goal early in the first period. Erasmus quickly counter-attacked with its only goal soon after.

The Booters had several chances to score later in the game but could not put the ball into the opposition's net.

Tigers Overpower Midwood, 7-0

The Black and Orange walloped Midwood, combining a devastating offensive attack with a smart defense. The game, which was played on our field, was almost totally dominated by Bushwick as the ball remained in Midwood territory.

Coach Cohen expressed his satisfaction with the defensive players who have given up only one goal in the first three games.

SOCCER SCHEDULE

Tuesday	October 6	Alexander Hamilton	Home
Friday	October 9	Erasmus	Away
Wednesday	October 14	Midwood	Home
Monday	October 19	Boys High	Away
Thursday	October 22	Automotive	Away
Monday	October 26	Wingate	Away
Thursday	October 29	East New York	Home

Courtmen Work Hard As New Season Nears

By Charles Rhodes

The basketball season is nearing again and this year our team's prospects are better than ever.

The team is just beginning practice, and by the looks of things, the Tiger quintet will have a pretty good chance at the playoffs, which they missed by a hair's breadth last year.

Coach Diamond doesn't want to commit himself too far but he says that he's cautiously optimistic about this year's team.

Key lettermen, like co-captains Ben Kizer and Jimmy Clarkson with Chester Glover, Tom Henry and Ernest Elliot, have returned and will provide a strong core of veterans for the inexperienced sophomores that are joining the team.

Coach Diamond says that this year the team will have good depth with more outstanding players playing this year than in previous years.

This year's team will be practicing long and hard all through the season, stressing every point of the game, including foul shooting which hurt the Tigers badly last year.

If Coach Diamond's predictions come true, this will be a real hot season with plenty of competition for the opposing teams. But time will tell and as the season progresses the school will see if our team's efforts will pay off.

Bowlers Are Ready To Go!

By Charles Martinelli

Bushwick's bowling team, under the direction of Mr. Goldman, has concluded tryouts and is ready for its third season.

In the past few years, the team has not done too badly and is expected to do better this season.

The league our team is in is a hard one. The boys meet some of the toughest competition in the city.

The bowlers and the coach hope that everyone in Bushwick will give their full support to the team. This can be done by attending their league games whether they are played at home or away. By doing this the team will be greatly encouraged in their climb to the top.

Athlete To Be Picked

By Robert Marquez

Through the years Bushwick has had many outstanding individual athletes who have contributed greatly to the prestige of the school. The increasing importance of athletic competition in high schools has become evident throughout the country.

In order to increase student interest in the athletic activities of the school, the BULLETIN is considering giving an award to the athlete, who through his conduct and sportsmanship, has done the most to represent Bushwick well.

More information about this award will be given in future issues.

Harriers Open Season Led By New Coach

By George De La Mothe

The Tiger trackmen will begin their new season under the guidance of a new coach, Mr. Fielder. He replaces Mr. Delfyett, who is now cross country coach at Queens College.

The new coach feels that this year's Tigers, strengthened by the addition of new boys, have a good chance of becoming the city champions in cross country if they work exceptionally hard.

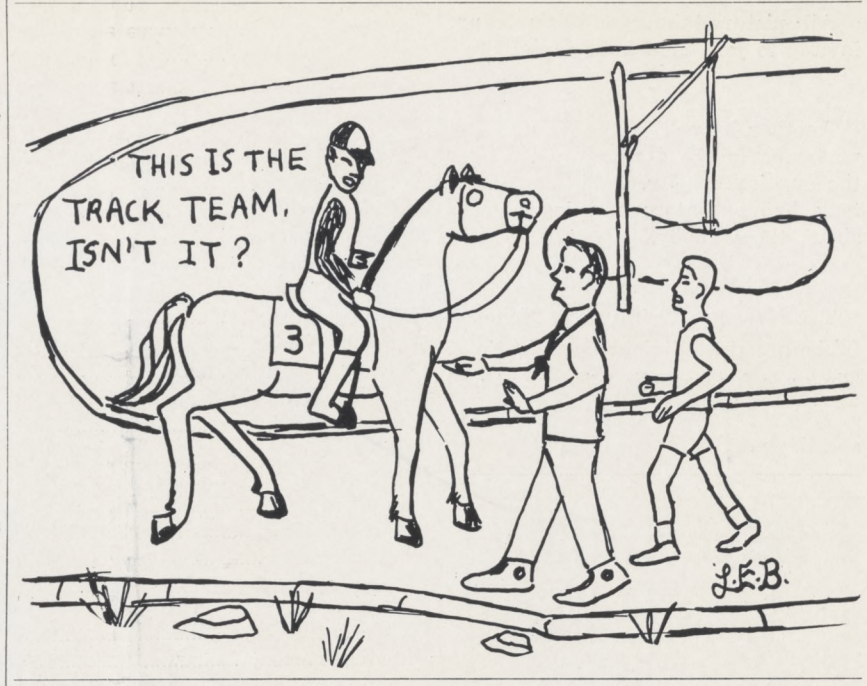
The Harriers pose with Mr. Fielder.

"A trackman," says Mr. Fielder, "not only has to be a good runner but must have guts." He feels that track, compared with other high school sports, demands more conditioning.

The harriers' new mentor came to Bushwick from Ithaca, New York where he earned a master's degree.

Returning veterans on the cross country team include: Nick Barraco, Gordan Rogan, Roman Lomnyckyi, Colin Hutchinson, Russel Glover and Tony Pellicane. Promising rookies such as Jack Butera, Sylvester Doyle, Jack Johnson, Bobby Harvey, Victor Liguari and Genzalo Feleciano will add needed depth and power to balance the team.

Anyone who would like to tryout for the team is welcome to come down to the gym office during periods 1, 4, 6, and 7.



Ye Olde Sports Quizze

By Robert Marquez

1. **What was Ty Cobb's lifetime batting average?**
   a) .503 b) .301 c) .367 d) .333
